ACKNOWLEDGEMENT

This study could not have been a successful one without the invaluable support of different individuals and institutions. Thus I would like to remember and thank everyone who directly or indirectly helped me to complete this work.

First of all, I would be a lame walker in the process of the study and report writing if I would not have got the helping hands of my respected sir Dr. Rudra Prasad Gautam as the supervisor. Thus my heart full of thanks goes to him. Similarly, I cannot remain still without thanking Prof. Dr. Rudra Prasad Upadhyaya, Head of the Department, CEDECON, T. U. and the whole department family as well for accepting my research proposal and giving me the opportunity to conduct the research.

I would not be able to study and reach master level and conduct this research work without the financial and moral support of my father Rudra Prasad Neupane, second mom Tulasa Neupane and other family members; brother Krishna, Lekhraj. Thus I would like to give them vote of thanks.

I am grateful towards Mrs. Elibira Granner, Rajesh Shrestha, Bhupendra Sahi of South Asia Institute who help me in financial support and other supports.

Finally I would like to thank Mr. Durka Man Maharjan of Durka Computer System, Kirtipur for his computer typing and printing.
