I am also thankful to my friends Manju, Dharma, Min Bahadur, Gita who were always with me on every moment of hard times to tackle the situation while preparing it.

It was a novel experience of doing a thesis work, which certainly helped me to gain deep knowledge in the subject. But accomplishment of the objective was not easy. The foremost difficulty was the scarcity of adequate data and information, which I experienced as the most difficult work during any type of research study in Nepal. Nevertheless, it was pleasant feeling to accomplish the thesis finally.
