ACKNOWLEDGEMENT

This report on "**A COMPARATIVE STUDY OF FINANCIAL PERFORMANCE AND STOCK PRICE**"(**Himalayan Bank Ltd. and Everest Bank Ltd.**) has been prepared as per the course of Master of Business Studies, second year. This report has attempted to explore the risks and returns of some of the major joint-venture commercial banks and try to compare them with the risk and return of the commercial banking sector and also with that of the market risk and return before reaching into some deciding conclusions.

In this effort of preparing the report, I am especially grateful to Asso. Prof. Achyut Raj Bhattarai and Dhruva Subedi , my teachers, who has given me fruitful suggestions and guidance to frame out this report. I am also thankful to the officers and staffs of Hinalayan Bank Ltd. and Everest Bank Ltd. together with staffs of various commercial banks for making me available different resource materials and data. Similarly, I also want to remember the help that I have received from the library staffs of various campuses, especially staffs of Shankar Dev Campus and Central Libraries, T.U.

Last but not the least, I am most indebted to friends for their great support and encouragement that help to give a fine accomplishment to this report.
