ACKNOWLEDGEMENT

Micro Finance Investment in Nepal is recent phenomena. Their contributions in the field of busting economy are yet to be seriously studied. The basic objectives of this study is to analyses the range of capital investment in micro finance; evaluate the position of existing credit, to measure the relationship between investment and income and its contribution in the process of economic development in Kaski.

I am indebted to those who are directly or indirectly assisted me to make this study worth full. A number of people who involved in Micro Finance Investment in Kaski, Banker and Financial Institution and VDC members helped me in this endeavor from their respective field by providing necessary information regarding Micro-finance investment at Bharatpokhari VDC, Kaski.

My heartfelt gratitude goes to my respected supervisor Professor, Mrs Sneha Lata Kafle and Mr. Petri Raj Adhikari Faculty of Management Shankar Dev Campus, Kathmandu for their perpetual advice and invaluable inspiration though out the study period.

I am very much grateful to my friends Mr. Prapanna Adhikari, Mr.Ashok Paudyal, and Mr. Alu Subedi for the help of data collection and others.

Lastly, I would like to thank Mr. Nabodaya Adhikari for the excellent typing and Printing of the thesis.

Saroj Raj Adhikari
