ACKNOWLEDGEMENT

First, I would like to thank all the teachers who help me to reach in this stage and also thank T.U for providing me such an opportunity. I would like to thank Dr. Prakash Neupane, Nepal Commerce Campus for his competent supervision during my research. This thesis would not have been possible without his invaluable technical insight and continuous guidance. Again I would like to thank Dr. Bihari Binod Pokharel, Associate Professor and head of the Research department providing me useful suggestions.

I have been guided by teachers, friends, bank officials and relatives in the time of thesis preparation. I am extremely thankful to every staff of library of this college, Nepal Commerce Campus and TU librarians. I'm highly grateful to the author and officials of Nepal Investment Bank and Nepal SBI Bank for providing me data during my thesis preparation.

Finally, my family (Mother, Father, and other family member) they always wish every success in my endeavor. Their only expectation, encouragement and wishes gave me much strength and conviction to progress through. Also, I would like to express special thanks to my husband Mr. Devraj Sapkota for encouraging me to study. I must acknowledge to my brother Suresh Niraula and Raju Bhurtel for supporting me in calculating the data and designing the thesis.
