ACKNOWLEDGEMENT

This thesis is prepared for the Masters of Business Studies program undertaken by Tribhuvan University.

Throughout my study period, I received generous support and thoughtful advices from Dr. Kamal Das Manandhar, thesis guide and Assistant Dean of Tribhuvan University. I am profoundly grateful for his intellectual suggestions and encouragements. I would like to express my sincere gratitude to my respected teachers as well as the staff of SEBO/N and NEPSE for their enthusiastic support and encouragement. Similarly, I can't stay without thanking all the staff of share department of chosen commercial banks and of security brokers for their valuable support in collection of data.

Many of my friends, colleagues and relatives encouraged me to undertake this venture. In course of preparing this research I got an opportunity to discuss and debate with them.

Last but not the least; I would like to express my heartiest thanks to my family members and my office, Equal Access International for their generous support.

Thanks.

Lochan Joshi
