ACKNOWLEDGEMENT

The general objective of conducting this research is to study the behavior pattern, preferences and investing trend of people in regards to securities and analyze the prospective benefits to the Nepalese investors as well as their rationality level while making investment. All efforts have been made to make this authentic and have tried to show this thesis easy and systematic as far as possible.

I wish to extend my deep sense of indebtedness to **Dr. Shilu Manandhar Bajracharya**, my thesis supervisor, who provided me valuable guidelines, insightful comments, encouragement, and generous treatment to complete this thesis. This work never has come out in the present form without her valuable guidelines and suggestions. Similarly, I will never forget the help of the respondents who provide with valuable information needed for the study. I would, therefore, like to express my deep gratitude for their co-operation.

I would like to extend my gratitude go to all the library staffs of Shanker Dev Campus who eased my research by finding appropriate resources without any faltering. Appreciable thanks goes to **Prof. Dr. Kamal Deep Dhakal**, Campus Chief, and Shanker Dev Campus, for his cooperation and valuable suggestions during the period of report preparation. I am very much indebted to my father and mother, brother Dilli and Mala, *who* directly and indirectly helped me with their valuable suggestions for completing this work.

Finally, I would like to disclose my sincere gratitude to my dearest parents and my friends for their co-operation, support, and encouragement for the completion of this work.
