ACKNOWLEDGEMENTS

This thesis entitled **A Study on Socio Economic Contribution of Community Forestry in Chandanpur Community Forest User Group Bagnaha - 1, Bardiya, Nepal** is prepared as a partial fulfillment of the requirements for the degree of Master of Arts in Economics.

The thesis reflects the efforts of a great many people over a number of days. First I would like to express my profound gratitude to my supervisor prof. Dr. Sohan Kumar Karna, Central Department of Economics, T.U. Kathmandu for his guidance, constant encouragement and constructive advice to accomplish this form, without which the thesis would have been impossible. I am equally grateful to the Head of the Central Department of Economics Prof. Dr. Rudra Prasad Upadhyya for his precious suggestion and timely support to complete this work.

I would like to express my heart full thanks to the staffs of Tribhuvan University Central Library and Forest Research Library. I am very much indebted to Bagnaha CFUG for their kindly help during data collection in the field.

I would like to thank my friends Milan Kushmi Chaudhary for this generous support in preparing the thesis. Thanks due to Birendra Tharu, Dev Laxmi Maharjan, and Bed Prakash Rawal for their outstanding company during my two years stay in the campus.

I would like to express sincere gratitude towards my parents Mr. Kukura Tharu and Mrs. Roini Tharu and to the whole family members for their valuable encouragement and provision of suitable environment.

Last but not least, I am very grateful to my beloved Daya Rani Tharu for her patience, love and encouragement. I had to leave her after one month of being love to prepare this thesis. Deep love and respect goes to my parents and family members who always inspire me to build my education career.
