## ACKNOWLEDGEMENT

This thesis entitle "Capital Market Development Behavior of Stock price in Nepal" has been prepared in partial fulfillment for the degree of Masters of Business Studies (MBS) under the supervision of Mr. Dhurba Subedi and Dr. Kamal Das Manandhar. It is my privilege of getting helps and co-operation from different persons. It is not possible to enumerate the names of all of them. However, it will be matter of injustice if I forget the names of those personalities whose valuable suggestions and co-operation escorted to complete this thesis report.

First and foremost, I would like to offer special thanks to friends for their proper suggestions. I would like to thank, Company Secretary and Deputy General Manager of all sampling Banks. Also, I would like to thank all the staffs of who provided relevant information and data, which helped me in preparing this thesis report. I could not remain without thanking to my teachers and lecturers who all helped me during my study of MBS and during preparation of this thesis report.

I especially appreciate all of my family members who always created the environment for my success. I wish to express my special appreciation to Mrs. Junu Maharjan for her encouragement and suggestions.

I am thankful to the librarians of Central Library, TU Kritipur for providing me with related books and thesis and all the teacher involved there who made me capable of writing this thesis. I alone am responsible for whatever weaknesses it may still contain.

Advices, Recommendations and Suggestions are whole-heartedly welcome.
