ACKNOWLEDGEMENT

This study report entitled “**STRUCTURE, PRODUCTIVITY AND RESPONSIVENESS OF MAJOR TAXES IN NEPAL**” has been prepared as for partial fulfillment of the requirements for the Master’s Degree course in Economics. It analyzes the measuring responsiveness or productivity of Nepalese taxation.

First of all, I would like to express my sincere gratitude to Mr. Resham Bahadur Thapa, assistant lecturer of Central Department of Economics, Tribhuvan University, Kirtipur for his scholarly guidance, valuable suggestions and encouragement without which this study would not exist in this form. I am deeply indebted to him.

I would like to thank prof. Dr. Rudra Prasad Upadhyaya, Head of the Central Department of Economics Tribhuvan University, Kirtipur for providing me all possible requirement of thesis. Similarly, I would like to express my sincere gratitude to the Central Department of Economics, Kirtipur Family.

Lastly, I would like to take this opportunity to record my gratitude to my husband (D.R. Sapkota) and I would like to give thanks to my brothers and sister without whose inspiration it may not have been possible for me to reach this stage of academic life.
