ACKNOWLEDGEMENT

This thesis entitled “**Rights Share Issue in Nepalese Market and Its Impact on Market Price of Stock**” has been prepared as a partial fulfillment of the requirement for the Degree of Master of Business Studies (M.B.S.). As the practice of issuing rights share is comparatively a new phenomenon and is in increasing trend in Nepalese capital market, this study has explored the problems and impacts of rights issue in Nepalese context.

I am feeling great pleasure to express my heartiest gratitude and sincere thanks to my honourable thesis advisors **Dr. Geeta Pradhan**, Associate Professor and **Mr. Ghanendra Fago** of Shanker Dev Campus who have guided me throughout this research period. I shall remain indebted to them for their invaluable suggestions, guidance, encouragements and comments during the course of preparing this thesis. I would also like to express my debtness to SEBON, concerned issue managers and companies who have provided reports, necessary data and other study materials. Likewise, I am thankful to librarians of SDC, Central Library of T.U. and SEBON, who helped me in providing necessary information with all required materials.

At last but no the least, I would like to thank Mrs. Gita Limbu for providing me encouragement and active support continuously in whatever way it is possible. In addition to this, I would also like to thank my friends Rajendra Pd. Kafle, Arun Rai and Nabin Rai for their kind support and co-operation.
