

Taxonomy of the Family Commelinaceae in Nepal

***Commelina maculata* Edgew.**

**A Dissertation Submitted in Partial Fulfillment of the Requirements for
the M. Sc. Degree in Botany (Plant Systematics)**

JYOTI PRASAD GAJUREL

Exam Roll no. : 1096

T.U. Registration no. : 5-2-37-647-2001

**CENTRAL DEPARTMENT OF BOTANY
TRIBHUVAN UNIVERSITY, KIRTIPUR, KATHMANDU, NEPAL**

June 2008

ACKNOWLEDGEMENTS

It is a great opportunity for me to express my sincere gratitude to my supervisor Prof. Dr. Krishna Kumar Shrestha (Head of the Department, Coordinator, Plant Systematics Unit and Biodiversity Unit, CDB) for constant guidance, supervision and encouragement from the selection of thesis topic until the very time of its completion.

I cannot remain without expressing my sincere thanks to Prof. Dr P.K. Jha (former HOD, CDB). I am immensely indebted to Prof. Dr. R. P. Chaudhary (Plant Systematics Unit, CDB), lecturer Dr. Suresh Kumar Ghimire (Plant Systematics Unit, CDB), and lecturer Ms. Sangeeta Rajbhandary (PhD scholar, CDB) for their valuable advice during this study. My sincere thanks go to respected Dr. Keshab Rajbhandary (Former Scientific officer, DPR), Dr. Mark Watson (Royal Botanic Garden Edinburgh) and Mr. Bhaskar Adhikary (PhD scholar, Edinburgh) for their suggestions.

Dr. Robert Faden (Department of Botany, Smithsonian Institution) deserves a very special mention in this regard. I must thank him for helping me and guiding me for long time. Valuable literatures and moral support of Dr. Faden made my study complete. Furthermore, Professor Rolla S. Rao (India) also deserves special mention as he supplied useful information based on Commelinaceae of India.

In addition, I thank Dr. S.R. Baral (Director, KATH), Dr. Mahesh Adhikary (Former Director, KATH), Ms Sajan Dahal (Scientific Officer, KATH) and Mr. Puran Prasad Kurmi (Scientific Officer, KATH) and other staff of KATH. I am also grateful to curators of KATH and TUCH for allowing me to use specimens deposited there during my study.

I would remiss if I did not express my sincere acknowledgements to my beloved seniors and family members including my parents, brother, sisters and my wife Bibha Shah. I thank Kamal Humagain for his valuable guidance and those whom I could not mention here owing to the constraints of space and time.

Mr. Jyoti Prasad Gajurel

June 2008

ACRONYMS & ABBREVIATION

HERBARIA

KATH	National Herbarium and Plant Laboratories, Godawari.
TUCH	Tribhuvan University Central Herbarium
K	Royal Botanical Gardens, Kew
MO	Missouri Botanical Garden
NY	New York Botanical Garden

LITERATURE

Ann. Check. Fl. Nep.	Annotated Checklist of Flowering Plants of Nepal
Enum. Fl. Pl. Nep.	Enumeration of Flowering Plants of Nepal
Fl. Bh.	Flora of Bhutan
Fl. Brit. Ind.	Flora of British India
Fl. Eastern Himal.	Flora of Eastern Himalaya
Fl. Him.	Flowers of Himalaya
Fl. Kath. Val.	Flora of Kathmandu Valley

GEOGRAPHICAL TERMS

C	Central
E	Eastern
W	Western

COMMON TERMS

ca.	Circa (about)
et al	And others
fig.	Figure
sp.	Species (singular)
var.	Variety
viz.	Videlicet (namely)

TABLE OF CONTENTS

CHAPTERS	PAGE NO.
CHAPTER 1. INTRODUCTION	1
1.1 Background	1
1.2 Diagnostic Characters of Commelinaceae	5
1.3 Classification of Commelinaceae	6
1.4 Objectives	7
1.5 Hypothesis	7
1.6 Justification	8
1.7 Limitation of the Study	8
CHAPTER 2. MATERIALS AND METHODS	9
2.1 Collection and Preparation of Herbarium	9
2.2 Morphological Study	10
2.3 Identification	10
2.4 Illustrations and Photographs	11
2.5 Anatomical Study	11
2.6 Pollen analysis	11
2.7 Phytochemical Tests	11
2.8 Cluster analysis: Dendrogram	11
2.8.1 Character Coding	12
2.8.2 Operational Taxonomic Unit (OTU)	12
2.8.3 Data Analysis	12
CHAPTER 3. RESULTS	13
3.1. Range of morphological characters in Commelinaceae	13
3.1.1. Habit	13
3.1.2. Roots	13
3.1.3. Stems	13
3.1.4. Leaves	16
3.1.5. Inflorescence	16
3.1.6. Flowers	16
3.1.7. Fruit	19
3.2 Taxonomic Treatment	22
3.3 Distribution of Species of Commelinaceae	84
3.4 Phenology	86
3.5 Anatomical Study	87
3.6 Pollen Analysis	95
3.7 Phytochemical Tests	98
3.7 Cluster analysis	99
CHAPTER IV DISCUSSION AND CONCLUSION ...	100
4.1 Discussion	100
4.1.1 New Record and Doubtful Species	105
4.1.2 Nomenclatural Changes and Updating of Checklist	106
4.2 Conclusion	108
4.3 Recommendations	110
CHAPTER V SUMMARY	111
Reference	113
APPENDIX	119
CHECKLIST	130
