## **Acknowledgement**

My deep reverence goes to my respected teacher and the Head of the Department of English Mr. Anand Sharma, who consistently inspired and encouraged me to do the present work. His invaluable suggestion and co- operation remains indebted throughout my life. Without his scholarly guidance and personal encouragement, this work would not have been possible.

Likewise, I would like to express heartfelt gratitude to all the members of the committee for allowing me an opportunity to do the present research. I am also indebted to all of my respected teachers of the Department of English who have directly or indirectly helped me in course of the completion of this research. I am equally obliged to my husband Krishna Prajapati who took troubles to visit different libraries and book stores for collecting relevant materials for my work. The support and encouragement of my mother- in-law equally plays a vital role.

Last but not the least, I would like to thank my friends and colleagues for their valuable suggestions.
