Acknowledgement

I would like to express sincere and deep sense of gratitude to my supervisor Mr. Chiranjibi Kafle, Lecturer, the Department of English, R.R. Campus, TU. for his scholarly guidance and encouragement to give my thesis its present form. In addition, he has provided invaluable and constructive suggestions going through the script and correcting my innumerable mistakes.

I am especially thankful to Dr. Ananda Sharma who assisted me in getting the proposal approved. Moreover, I feel indebted to him for his sincere help in clarifying the crucial concept like Objective Realism.

Words will be insufficient to convey the depth of my gratitude to my intimate friend, Kamala Subedi, for her smooth technical help. Last but not the least; I could not help extending my gratefulness to those who directly or indirectly inspired me to bring this thesis to completion.
