## **Acknowledgements**

I would like to express my sincere gratitude to my Advisor Dr. Sanjeev Upreti, Lecturer, T.U., for his invaluable suggestions, scholarly guidance and steady stream of inspiration. He generously read the manuscript and filled the margins with sharp-eyed comments and questions: his incisive marginalia became my primary source of inspiration. My debt to him is deep and enduring.

Thanks are also due to Dr. Krishna Chandra Sharma, for his constructive suggestions.

I would specially like to remember the unfaltering and steady spring of inspiration with which, Dhruva, my husband, punctuated my hours of doubts. With his inspiring assurance and felt support I never found the job too difficult to undertake. It would be impossible to overstate the thrill of his love and support.
