

**Study of Anatomical Structures of Leaf and Root  
of Subtribe *Coelogyninae* Bentham  
(Orchidaceae)**

**A DISSERTATION SUBMITTED FOR THE PARTIAL  
FULFILLMENT OF M. SC. IN BOTANY (PLANT SYSTEMATICS)**

**Submitted By:**

**GITA DANGOL**

Exam Roll No.: 0614

Batch: 056/057

**CERTIFICATE**

This is to certify that the dissertation entitled "**Study of Anatomical Structures of Leaf and Root of Subtribe *Coelogyntinae* Benthams (Orchidaceae)**" has been carried out by Ms. Gita Dangol under my supervision. This work has been accomplished on the basis of candidate's original research work and submitted here for the partial fulfillment of M. Sc. Degree in Botany (Plant Systematics). To the best of my knowledge, the results of this work have not been submitted for any other degree. Therefore, I am pleased to forward this dissertation for the final approval and acceptance.

---

Ms. Sangeeta Rajbhandari  
Lecturer, Central Department of Botany  
Kirtipur, Kathmandu, Nepal

Date: March 24, 2006

## **EXPERT COMMITTEE**

**Tribhuvan University**  
**Central Department of Botany**  
**Kirtipur, Kathmandu**  
**Nepal**

This dissertation entitled "**Study of Anatomical Structures of Leaf and Root of Subtribe *Coelogyntinae* Benthams (Orchidaceae)**" submitted by Ms. Gita Dangol, has been accepted as partial fulfillment of the requirement of M.Sc. in Botany (Plant Systematics).

## **EXAMINATION COMMITTEE**

.....  
Prof. Dr. Pramod Kumar Jha  
Head of Department  
Central Department of Botany, Kirtipur

.....  
Ms. Sangeeta Rajbhandary, Lecturer  
Research Supervisor  
Central Department of Botany, Kirtipur

.....  
Dr. Mohan Shiwakoti, Reader  
Natural History Museum, Swayambhu  
External Examiner

.....  
Prof. Dr. Krishna Kumar Shrestha  
Central Department of Botany, Kirtipur  
Internal Examiner

Date: 3 May 2006

## ACKNOWLEDGEMENT

I am very much grateful to my research supervisor, Ms. Sangeeta Rajbhandary, Lecturer, Central Department of Botany, Tribhuvan University for her suggestions. I would also like to express my deep gratitude and sincere thanks to my research co-supervisor, Dr. Devendra Manand Bajracharya, Lecturer, Amrit Campus, Lainchour for his superb guidance. This dissertation would not have been taken this shape without their advice, encouragement and discussion throughout the research period.

I am thankful to Professor Dr. Pramod Kumar Jha, Head of Department, for providing me laboratory facilities and allowing me to examine the herbarium specimens housed at TUCH.

I am also thankful to Prof. Dr. Krishna Kumar Shrestha and Pro. Dr. Ram Prasad Chaudhary for their kind cooperation during the work. I also would like to thank all the staff of Central Department of Botany, Tribhuvan University who have directly or indirectly helped me to accomplish the study.

I am indebted to Dr. M. K. Adhikari, Chief, National Herbarium and Plant Laboratories, Godavari, for providing me library facilities and allowing me to examine herbarium specimens deposited at KATH. I also thank all the staff of library and herbarium section. I would also like to acknowledge the teachers and staff of Amrit Campus, Botany Department for their support and encouragement.

My sincere thanks go to my colleagues and friends. In this regard, I should not forget Mani Raj Shrestha and Sanjeev Rai for their cooperation and support during my work.

Last but not the least, I would like to express my hearty thanks to my parents, brother, sister and cousins for helping me in different aspects of this study.

.....

Gita Dangol

Central Department of Botany

Tribhuvan University

March, 2006

# TABLE OF CONTENT
