## ACKNOWLEDGEMENTS

I am very much grateful to my supervisor **Prof. Dr. Ram Kumar Dahal**, central department of Rural development for his encouragement and successful guidance through out my studies. Without whose continuous guidance this work would not be in this form. Also my sincere gratitude goes to our head of the department **Prof. Dr. Pradip Kumar Khadka** for approving my proposal and giving me an opportunity to conduct study on this topic.

I would like to express my gratitude to all my respected teachers of the Central department of Rural development for their sincere teaching while I was student in the university.

I wish to express my gratitude to all the members of walling municipality for providing valuable information required for my study.

I am heartily indebted to my parents and other family members for their continuous support and encouragement for higher studies and their guidance and support throughout the entire phase of my study.

Continuous support and encouragement of my friends have always played of catalytic role for me to conduct study on this topic.

I owe special thanks to Sabita Adhikari for her valuable suggestions and encouragement for this study. Also special thanks goes to my brother Mr. **Rajendra Regmi** for his valuable suggestions during the course of this research work.

Mr. Dipak Raj Regmi
