ACKNOWLEDGMENTS

Kailali is the gate way and main trade point of far west region. Due to the mass production area and availability of various wheat merchant in Kailali , I think it is necessary to study about wheat production and its market in Kailali District. In this regard, it is my pleasure to submit this thesis entitled , "A study of wheat production and marketing in Kailali."

To complete this work, many valuable suggestions and assistance have been taken from intellectuals, professionals, and from various sectors. So, for their great contribution, I would like to express my gratitude to all these helpful hands.

I would like to express my sincere to my respected campus chief Surendra Chand and Reader Padmakant Joshi and Padam Raj Joshi of Kailali Multiple Campus. I would like to thank to Mr. Dil Bahadur Dhimi of Kailali Multiple Campus for co-operating me in consulting various books and other relevant materials.

I am grateful to Mr. Gopal Prasad Bhatt. Agriculture Development officer of DADO, Kailali for co-operating in consulting various books and other relevant materials.

At last thanks are due to my husband, Mr. Bisan Bahadur Shahi , for his encouragement and managing a stimulating working environment during the entire study period and preparation of the thesis.
