ACKNOWLEDGEMENTS

All the success is the result of contribution of some co-operative hands and a number of individuals have helped and encouraged me in various ways in completing this study. I wish to express my special gratitude to all of them.

I would like to express my sincere gratitude to my supervisor Dr. Krishna Bhattachan who generously took time out for his continuous encouragement, guidance and supervision for this thesis. This thesis would have never been completed without his inspiration. His cooperation and suggestions for this study are highly appreciated. All of the faculties and staffs of the Central Department of Sociology deserve special thanks.

Thanks to all the respondents who provided enough time in spite of their busy schedule. Their active participation and cooperation made possible to bring this research in this form.

Similarly, I am thankful to Swiss organization Fastenopfer for providing Karnali Immersion Fellowship to conduct this study. My words of acknowledgement will not be complete unless I express my gratitude to my family and friends who are source of inspiration throughout my study.
